Sai Venkata Rami Reddy Kesari

Tiruvuru, Andhra Pradesh | Mobile: 7207327846 | Email: saivenkataramireddykesara@gmail.com LinkedIn | GitHub

Objective

Highly motivated and detail-oriented Software Engineering graduate passionate about developing innovative programs, seeking a Software Engineer position where I can apply my coding skills and contribute to team success.

Education

Bachelor of Technology in Computer Science and Engineering

Sree Vahini Institute of Science and Technology, Tiruvuru, Andhra Pradesh 2021 - 2025 | CGPA: 7.5

Technical Skills

Programming Languages: Python, C, C++

• Web Technologies: HTML5, CSS, JavaScript, React.js, Node.js

• Databases: MongoDB (Basic)

• **Development Tools:** Visual Studio Code

• Operating Systems: Windows, Linux

Projects

Hotel Management System

GitHub Repository

- Developed a hotel management system using Python.
- Implemented features like room booking, customer record management, and billing.

Portfolio Website

Live Website

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript.
- Implemented responsive design for optimal viewing across devices.

Bank of India - ATM Application

GitHub Repository

Developed a command-line banking system using Python and MongoDB.

• Features include account creation, login, balance management, deposits, withdrawals, and account deletion.

Internship Experience

AI & ML Developer Intern

Chip Electronics Training Institute | June 2023 - August 2023

- Successfully completed an 8-week internship program on "AI & ML Developer (Python Programming)."
- Gained hands-on experience in Python programming, AI, and machine learning concepts.
- Achieved a 96% attendance rate and received excellent performance feedback.

Python Developer Intern

Code Speedy Technology Private Limited | January 2025 - March 2025

- Contributed to Python-based projects and tasks.
- Published tasks that assist developers and programmers globally.
- Authored content available at CodeSpeedy.

Certifications

- Generative AI Certification LinkedIn
- Python for Machine Learning Great Learning
- Front End Development (HTML) Great Learning
- Continuous Integration and Delivery (DevOps) Infosys Springboard
- Working with Git Repositories Infosys Springboard
- Database Management Great Learning

Additional Information

- Passionate about full-stack development and problem-solving.
- Strong understanding of software development life cycle (SDLC).
- Enthusiastic about learning new technologies and improving coding skills.
